ABOUT US

Since the early 1980s, Amazonas Imports, Inc. and Vi Ni Imports Co., Inc. have been leaders in specialty food imports from Central and South America. Each company independently built a strong reputation for sourcing and distributing both the most popular staples and the most unique specialty foods, always with an uncompromising commitment to quality.

In January 2017, the two companies merged to better serve our loyal customers. Together, Amazonas Latin Food Imports continues to innovate and expand our product offerings, revitalizing our portfolio with new flavors, spices, and specialty foods for all to enjoy. Our selection has also grown to include premium wines from Argentina and beers from various Latin American countries, further showcasing the richness and diversity of the region.

OUR PRODUCT PORTFOLIO

We offer an extensive selection of grocery, frozen, beverage, and specialty food items sourced from across Latin America, including:

- Grocery staples, grains, flours, beans, and legumes
- Traditional sauces, spices, seasonings, and preserves
- Beverages, powdered drinks, coffee, and yerba mate
- Frozen fruits, vegetables, cheeses, meats, and doughs
- Accessories such as mates, bombillas, and thermoses

Our catalog features over 75 both well-established international brands and our exclusive in-house signature brand, giving customers a balanced mix of recognized names and high-value private label options.
